

Gameshow – 5-7's

No. of Progs. Duration: 12 x 25 minutes

Budget: To a maximum of €325,000

Broadcast: RTÉjr (Date and time TBC)

We are looking for a fun show with a capital 'F', a game show for our younger audiences. What is RTÉ's version of *Swashbuckle Pirates*? Is it kids having fun in a themed location, pitting cartoon goodies against baddies? Actors interacting with kids to create an immersive fun filled adventure half hour. Or perhaps it's a family game show that has the youngest member of its family at the centre like *CopyCats* CBBC (based notionally on Chinese whispers) .

What games are familiar to the upper age range of our demo that we could potentially look at creating a game format out of? Is it a game wrapped around recycling/craft or is it just unadulterated fun & play. Could the hosts be puppets? We want a giggle fest!!!!

Just three key drivers it must **be fun, non competitive** and **strongly formatted**.

We ask, in the first instance, that producers submit ideas into the eCommissioning system: <http://e-commissioning.rte.ie/SWIFT.Web/skins/rte/login.aspx> under the programme category "Young Peoples – Gameshows 5-7 (2019)
