

General Callout:

We know that you lot are a creative bunch and from time to time come up with wonderful timely ideas that are out of scope. Ideally we prefer to receive pitches that correspond to existing briefs but if you feel compelled please submit to **General Callout**. Submitting your idea under this heading by no means implies that RTÉ are in any way compelled to commission your proposal. However it could just be a gem of an idea that we haven't thought of!!

We look forward to receiving all of your ideas.
